

Industrial Induction high Pressure Washer

180 bar-2400W

RP-0181

- Professional high-performance 2400W induction motor provides strong power that generates maximum water pressure for extreme cleaning power
- Auto stop system automatically shuts off pump when trigger is not engaged and with the help of self-suction function ensure motor's longlife and also save energy
- Built-in temperature protector can detect the motor temperature, the machine will stop after the temperature exceeds the standard
- Professional high-pressure gun with easy operation of trigger function and safety function lock
- Equipped with five nozzels which manufactured from high-quality raw material and let you do the cleaning task efficiently and easily in a wide variety of usage scenarios
- External detergent tank equipped with chemical detergent for extra cleaning power and reducing cleaning time
- Two intake water modes bring more convenience to users
- Threaded connector facilitate quick assembly and disassembly and safety
- Onboard hose reel for easy storage and quick winding and unwinding
- Suitable for commercial usage
- Push button switch on/off switch for convenient use and safety
- 10 Meters armed hose with high-quality for more durability and higher efficiency

Model	Rp-0181
Motor type	1811
Max pressure	180bar
Frequency	50hz
Dimension	600x480x900mm
Motor power	2400w
Rated pressure	120bar
Working flow	6.0l/min
Voltage	220v
Motor winding material	Copper
Max. Flow	7.4l/min
Weight	28.8kg
Includes	10m steel armed hose ,ylg06 gun ,ylg062 lance ,nozzles ,3m inlet hose
