

Carpet cleaner
220-240V

RP-0800

- The capacity of the fresh water tank is 3 ml and the capacity of the waste water tank is 1.5 ml, which can be used several times when filled with water
- Water is sprayed deep into the textile surfaces with pressure and sucked off together with the loosened dirt
- Removes stains and dirt wherever they are: on carpets, rugs and soft surfaces such as sofas, mattresses, car interiors and more
- The unique Vientiane wheel is easy to move and easy to clean.
- The included $\phi 32$ attachment for stubborn stains is suitable for everyday stains and spills
- To reach the built-in 1.5 m hose allows you to on any, and support the at any time
- Easy to store - the light, compact design takes up little space

Model	RP-0800
Power	800±15%W
Frequency	50-60HZ
Voltage	220-240V
Product Dimension	513x288x275mm
Tank capacity of fresh/dirty water	3L/1.5L
Noise level	≤85db
Material	ABS+PP and so on
length of cord	total 5.5m, Exposed 5M
Max Air Flow	≥1.1 (m ³ /min)
Max Suction Power	16±1.5KPa
Spray volume	300~400(ml/min)
Weight	7.5Kg

Includes

1pc FA111 Hose assembly ,1pc FD110 Nozzle assembly ,1pc FB109 Suction scraper assembly ,1pc FB110 water sucker assembly ,1pc FB111 Right-angled water sucker ,1pc Outlet air sponge ,1pc Filtering sponge for dirty water tank ,1pc Filtering sponge for clean water tank ,1pc power cord Hose is 1800mm long , power cord 5.5m total length
